ACTIVITIES AND INTERESTS

Building small ML/AI projects and exploring new tools

Learning digital courses and through YouTube

Staying active through chess, gym and swimming for mental and physical fitness

SUMMARY

Enthusiastic AI student with a strong foundation in mathematics, specializing in building machine learning models. Passionate about website designing and development for ease of access to all the users.

EDUCATION

Herald College Kathmandu
November 2022 – Present
BSc. (Hons) Computer Science(IT)

Global School of Science
September 2020 – May 2022
Science (+2), Grade: A

Arunima Shikshya Sadan School
April 2018 – May 2020
School: 9-10(SEE), Grade: A+

Paragon Public School
April 2013 – April 2018
School: 4-8(BLE), Grade: B+

KEY SKILLS AND CHARACTERISTICS

- Python with hands-on experience in Machine Learning and Data Analysis
- Web Designing and Developing
- Mathematics (Linear Algebra/ Statistics)
- Comfortable with version control systems like Git and Github
- Team-oriented with the ability to adapt and thrive in fast-paced environments.

TRAININGS / CERTIFICATIONS

- Mathematics for Machine Learning and Data Science by DeepLearning.AI (Coursera Certified)
- Machine Learning by DeepLearning.AI amd Stanford Online (Coursera Certified)
- Introduction to Java and OOP by University of Pennsylvania (Coursera Certified)
- 3-Days Graphic Designing course from AITM College, Lalitpur Bagmati, Nepal (Certified)
